ICE SHOW

The James River Figure Skating Club Ice Show is an annual event designed to showcase the skills our skaters have learned throughout the year while providing quality entertainment for the community. This event compares to a dancer's recital, but on a much grander scale!

Skaters must be registered for Ice Show by January 19, 2027, to participate in the Ice Show. Ice Show registration will have a $125 commitment per skater to help provide costumes and ice time. This will also cover the professional photographs taken for the Show Book. Skaters get to keep the costumes after the show! **To register, go to www.jrfsc.org. You will be prompted to register for Ice Show during session 3 registration.**

Dates for Shows: April 2-4, 2027
7:00 PM April 2, 2:00 & 7:00 PM April 3, & 2:00 PM April 4

Everything you receive in print can also be found on the club website. Please go to www.jrfsc.org and click on the Ice Show Information tab to find the documents.

Regular skating practice is important for a skater to skate their best in the show. Please make regular class attendance a priority. Learn to Skate lessons end February 16th. The following week, the skaters will begin rehearsals for the Ice Show. The coaches will group the skaters based on their skills. Each group will have at least two routines to learn and practice. The practice times will more than likely be similar to the schedule the skater was on for lessons.

Skaters do need to realize it is VERY important they attend Ice Show rehearsals. Attendance is required at all shows and rehearsals. If the skater is late or rehearsals or absent from more than one rehearsal for a certain number, they may not be allowed to skate that routine in the show. During the week of the Show, skaters will practice every day (Monday-first half of show, Tuesday-second half of show, Wednesday-full show, Thursday Dress Rehearsal-full show). Show week rehearsals are held in the evenings, starting at 6:00 pm.

It takes many hands to put together a production of this magnitude, so all families are expected to volunteer (more details to come). It's also a great way to get to know other people in the club!

More information will follow in the weeks ahead. For any questions related to Ice Show, please contact Amy Johnson, Ice Show Producer. We're looking forward to working with our skating families to put on a great show!
